# HELP US COUNT THE NUCLEAR WEAPONS MONEY

## ONE TRILLION DOLLARS

is being spent to modernize the nuclear arsenals of nine countries over the next 10 years.

## WE'RE GOING TO SHOW THE SCALE

of this investment and how it could be devoted to peace and humanitarian needs, rather than the threat of nuclear annihilation,

## WHILE GOVERNMENTS MEET AT THE UN

for the United Nations General Assembly and UN Disarmament Week, October 24–30, 2018.

## WE'RE GOING TO COUNT THE MONEY

by hand, \$100million per minute in \$1million dollar notes in front of the United Nations and at other publicly visible places in New York City for 7 days and nights.

## YOU CAN COUNT WITH US!

Join a team of two to count for half an hour or more. Teams will include people of all ages, nations, backgrounds; celebrities, activists, politicians, UN officials, diplomats, artists, religious leaders, sportspeople, refugees and others.

## ARTISTS ARE DESIGNING THE CURRENCY

Artists from a range of countries are designing the \$1 million currency notes.

## THE EVENT WILL BE LIVE-STREAMED

so that anyone in the world can follow the counting and learn what benefits this money could bring if redirected to economic, social and environmental needs.
